

Introducing 2 new styles of 19" Rack Filler Panels, the *Flat Filler Panel* "SPS-19-_RU-FP" and *Flanged Filler Panel* "SPS-19-_RU-FFP". Either version can be ordered in 1RU, 2RU, 3RU, 4RU, 5RU, 6RU, 10RU and 20RU sizes fabricated from 3mm Aluminum Composite material, 2 thin layers of aluminum with a black thermoplastic core. Standard finish is painted (powder cost) matte Black (-B) or matte White (-W) or matte Silver (-S) or Brushed Silver (-BS). Other colors available to order.

The *Flanged Filler Panels* are shipped flat and need to be folded prior to usage, a procedure that takes less than a minute to accomplish. This version exhibit superior strength and resilience to bending. Below shows before and after folding.

These filler panels are sold as single panels or supplied in bulk, minimum quantity per size, at a lower price. We can also supply these panels engraved with text and/or logos to your specifications.
